THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT WITH ADDITIONAL CHARGE OF THE MINISTER OF STATE IN THE MINISTRY OF WATER RESOURES (SHRI P. K. THUNGON): (a) Yes, Sir. Additional Central Assistance of Rs. 20 crores each has been allocated by the Planning Commission for special problems of Bombay and Calcutta cities during the 1992-93 Annual Plan.

(b) The Chief Minister of Karnataka made a request to the Prime Minister and the Finance Minister in 1991 for a Special Assistance of Rs. 100 crores for development of Bangalore city. The request was considered by the Govt. of India. Since Urban Development is a State subject, the Planning Commission requires that all metro development projects should form part of the State Plan. The Ministry of Urban Development also has no discretionary funds at their disposal for grant of such special assistance to State Governments.

उत्तर प्रदेश में शहरी मूलभूत सेवा योजना

Supply of contaminated water in Mayur Vihar, Delhi

631. SHRI ANANTRAY DEVSHANKER DAVE: Will the Minister of URBAN DEVELOPMENT be pleased to state:

(a) whether Government's attention has been drawn to the news item under caption "Mayur Vihar contaminated water supply" which appeared in the Hindustan Times dated the 25th September, 1992;

(b) if so, the reaction of Government thereto;

(c) the number of complaints regarding supply of contaminated water supply in Delhi received by Government during each of the last twelve months; and

(d) the steps taken to ensure supply of pure drinking water in Delhi?

THE MINISTER OF STATE IN THE MINISTRY OF URBAN DEVELOPMENT WITH ADDITIONAL CHARGE OF THE MINISTER OF STATE IN THE MINISTRY OF WATER RESOURCES (SHRI P. K. THUNGON): (a) Yes Sir.

(b) and (d) Details are given in the Statement. *(See* below):

(c) As per record 1487 complaints were received by DNSDU from February, 1992 to January 1993. In addition, four complaints were received by DDA.

Statement

A news item appearing in the Hindustan Times highlighted the following points relating to water supply:

1. A water supply line to the pocket adjoining Noida road as reportedly been infected due to large oxidation pond nearly and the same requires shifting.
2. Shortage of water at upper floors.
3. While in other pockets of the area, Ganga Canal Water was being supplied sub-soil water was being supplied in pocket IV The reply to the above is as follows as reported by Delhi Water Supply and Sewage Disposal Undertaking (DWS & SDU).

There was a shortage of Water on the upper floors earlier but after suitable regulation of 'on line booster' the supply hours have increased and water is now available on all the floors for 5th hours each in the morning and evening besides for one hour in the afternoon.

It is not correct that sub-soil water was being supplied in Pocket IV. Water from tubewells as well as filtered water from the Bhagirathi Treatment Plant is being supplied.

The Oxidation Pond is in no way contaminating the underground water supply, as these tubewells are situated at a distance and the quality of water is potable.

As regards the shifting of Oxidation Ponds, these were constructed as temporary measures and will be abandoned as soon as the Kalyan Puri Pumping Station under construction by D.W.S. and S. D. Undertaking is commissioned. The Civil and Electrical and Mechanical works of the Undertaking are expected to be ready by April, 1993, its commissioning will depend upon supply of power by DESU for which matter is being pursued.

As regards the complaint of supply of contaminated water in Delhi, there has been some increase in number of complaints as compared to that of the previous years. This is due to the reason that most of the complaints from city S.S.P. Zone where the water mains and sewer lines are very old and need replacement. It has been decided to replace all old and worn out lines in these areas. An Action Plan has been drawn for this purpose by DWS and SDU.

विभिन्न परियोजनाओं हेतु बाह्य वित्तीय सहायता

632. **श्री कैलाश नारायण सारंग :** क्या शहरी विकास मंत्री यह बताने की कृपा करेंगे कि :

(क) ओवरसीज डेवलपमेंट असिस्टेंट के अधीन ब्रिटेन से सहायता और अन्य बाह्य वित्तीय सहायता से कौन-कौन सी परियोजनाएं कौन-कौन से राज्यों में चलाई जा रही हैं ;
